

I Claim:

1. A feminine hygiene protection kit, comprising:

a lightweight, waterproof packaging including a cavity and an openable lid;

a feminine protection item contained within the packaging and for selective

5 removal therefrom;

a feminine wipe contained within the packaging and removable concomitant with

the removal of the feminine protection item; and

a wrapping enclosing the feminine wipe for maintaining the sanitary qualities of
the feminine protection item and the feminine wipe.

10 2. The feminine hygiene protection kit of claim 1 wherein the feminine wipe is
attached to the feminine protection item so that the wipe and the protection item can be
removed together and simultaneous from the packaging.

3. The feminine hygiene protection kit of claim 2 wherein the packaging is square-
shaped.

15 4. The feminine hygiene protection kit of claim 3 wherein the packaging is
cylindrical-shaped.

5. A feminine hygiene protection kit for use by a woman for personal cleansing and
freshening, comprising:

a lightweight, waterproof packaging having a chamber and a peel-off lid;

20 a feminine protection item storable within the chamber of the packaging and for
removal therefrom for changing of the feminine protection item;

a feminine wipe storable within the chamber of the packaging and for removal therefrom for feminine cleansing and freshening during the process of changing from a used to a new feminine protection item;

a wrapping for enclosing the feminine wipe so that the sanitary qualities of the
5 feminine wipe and the feminine protection item can be maintained; and

after using the feminine wipe the feminine wipe and the used feminine protection item are placed in the packaging so that the packaging can be sanitarily disposed of in a refuse container.

6. The feminine hygiene protection kit of claim 5 wherein the feminine wipe is
10 attached to the feminine protection item so that the wipe can be removed from the packaging simultaneous with the feminine protection item.

7. The feminine hygiene protection kit of claim 6 wherein the packaging is square-shaped.

8. The feminine hygiene protection kit of claim 7 wherein the packaging is
15 cylindrical-shaped.

9. The feminine hygiene protection kit of claim 8 wherein the feminine wipe is permeated with a distinct scent for enhancing the cleansing and freshening process.
